

# SPACE WEST

## SPACE WEST PARTNER DIRECTORY

SUPPORTING COLLABORATION AND GROWTH  
ACROSS THE REGIONAL SPACE SECTOR

# ABOUT SPACE WEST

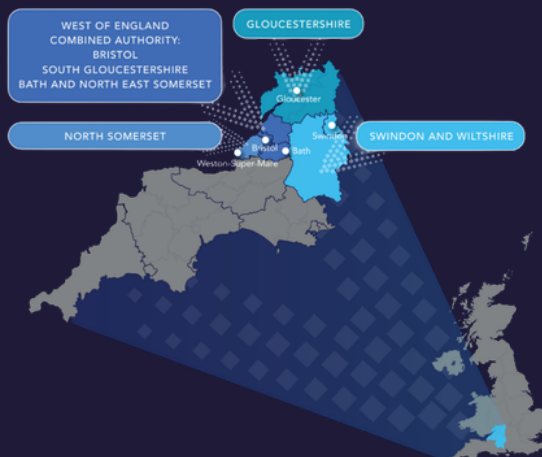

Space West is the regional space cluster for the West of England, bringing together academia, industry, and government to drive growth and innovation across the sector.

Home to over 250 space-related organisations, making it the third largest space cluster by population in the UK, the cluster has seen 34% growth in income since 2018/19.

Space West connects researchers, manufacturers, and start-ups to tackle some of the biggest challenges in space technology, from climate monitoring to national security.

With an economy worth over £40 billion a year and one of the UK's strongest aerospace supply chains, supported by more than 28,000 aerospace professionals, the West of England is fast becoming one of the country's leading destinations for space innovation.
